

Gibraltar Tax Facts 2025/2026

A practical and easy-to-follow guide to
the Gibraltar Tax system.
July 2025

This booklet is also available online at www.pwc.gi
A list of PwC Gibraltar contacts is provided at the back of this guide should you require more detailed advice or assistance tailored to your specific needs.

This booklet is based on taxation law and practice in Gibraltar as of 1 July 2025.

It is intended to provide a general guide only to the subject matter and is necessarily in a condensed form, it should not be regarded as a basis for ascertaining the liability to tax in specific circumstances. Professional advice should always be taken before acting on any information in the booklet.

At PwC, our purpose is to build trust in society and solve important problems. PwC is a network of firms in 151 countries with more than 364,000 people who are committed to delivering quality in assurance, advisory and tax services. Find out more and tell us what matters to you by visiting us at www.pwc.gi

Budget Summary

Budget Summary

The Chief Minister delivered his budget Address on 1 July 2024 and the Minister for Taxation on 3 July 2025. The key points to note are as follows:

Corporate Tax

No changes to the existing corporate tax rate of 15%.

Gibraltar Residency & Category 2 Status

Immigration Criteria Consultation Committee to be established to consider changes to the residency and Category 2 rules in light of the EU-UK Schengen Treaty on Gibraltar.

Stamp Duty Relief

A review will be carried out to consider the potential exemption from stamp duty on genuine inter vivos family reorganisations. An evaluation will be conducted to consider Safeguards to prevent abuse.

Personal Tax

No changes to the existing personal tax rates.

Transaction Tax

New Transaction Tax and Excise Duties related to be introduced in line with the EU-UK Schengen Treaty on Gibraltar. Time-frame and applicable rates on goods announced including a monitoring mechanism to adjust rates relative to Spain to avoid market distortions. (More details below)

Social Insurance

- The cap on both employer and employee social insurance contributions increases by 5%.

Statutory Minimum Wage

- The statutory hourly minimum wage increased from £8.90 to £9.50 (a 6.7% increase) from 1 July 2025.

Stamp Duty

- No changes to Stamp Duties announced other than review of potential exemption for intra-family transfers of property.

Import Duty

- No changes to import or excise duties until implementation of the Transaction Tax.

Import Duty

- The Transaction Tax will be introduced in a phased manner: Year 1- 15%; Year 2- 16%; Year 3- 17%
 - Rates will be set in accordance with the structure outlined in the VAT Directive, including standard, reduced, and super-reduced categories. However, the Transaction Tax will not fall below the lowest standard rate currently applied within the EU Customs Union which is currently 17%.
 - An independent annual review mechanism will assess market distortions relative to Spain. Rates may be adjusted accordingly.
 - The applicable rates on goods may be as follows: Standard Rate (15– 17%): Applies to the majority of goods; Reduced Rate (5%): Includes children’s clothing, works of art, antiques, and bicycles; Super Reduced Rate (0%): Applies to food, water, pharmaceuticals, medical equipment, books, newspapers, solar panels, and electricity.
 - Exemptions include: Bunkering fuel, Ship supplies and equipment, Aircraft fuel and provisioning for commercial airlines, Goods
-

**Tax Facts
2025/2026**

Who is Liable to Taxation in Gibraltar?

Income tax is charged on income accruing in or derived from Gibraltar.

Income tax is also charged on certain income accrued in, derived from or received in any place other than Gibraltar by any person ordinarily resident in Gibraltar.

Gibraltar has introduced a number of tax incentives which allow certain categories of resident individuals to limit the total tax payable in any tax year, subject to certain criteria being met.

An individual will be considered to be ordinarily resident when they are present in Gibraltar for at least 183 days in the year of assessment, or over 300 days in aggregate over three consecutive years of assessment.

Any part of a 24 hour period commencing at midnight will be counted as a day of presence whether or not Gibraltar accommodation is used.

The tax year runs from 1 July to 30 June and tax is payable on the actual taxable profits for the year.

Individuals have the choice of being taxed under either an Allowance Based System (see page 30) or under a Gross Income Based System (see page 33) and will be assessed for tax under the system that results in the lower tax.

The rules prevent one family member benefiting from the Gross Income Based System and another from obtaining the benefit of certain allowances (such as mortgage interest relief) under the Allowance Based System.

The standard rate of withholding tax for individuals under the emergency code is 20%.

Individuals

A company will be considered resident in Gibraltar if the management and control of its business is exercised from Gibraltar.

A company where the management and control is exercised outside Gibraltar by persons who are ordinarily resident in Gibraltar is also considered resident in Gibraltar.

The location of central management and control is established under legal principles laid down in the United Kingdom and is the place of the highest form of control and direction over a company's affairs, as opposed to decisions on the day-to-day running of the business. Companies are subject to taxation on income accrued in or derived from Gibraltar on the taxable profits for the financial year.

Those businesses whose income arises from an underlying activity that requires a license and regulation under any law of Gibraltar (or is licensed in another jurisdiction but enjoys passporting rights into Gibraltar) shall be deemed to accrue in and derive from Gibraltar.

Income which is not accrued in or derived from Gibraltar is not taxed in Gibraltar. "Accrued in and derived from" is defined by reference to the location of the activities which give rise to the profits.

Where the income is intercompany interest or royalties it is automatically deemed to accrue in and derive from Gibraltar if it is received by a Gibraltar company.

Companies

The Standard Rate of Taxation

The standard rate of taxation for a company is 15%. Utility and energy providers and companies that abuse a dominant position pay a higher rate of 20%.

Partnerships

Partnerships are generally viewed as transparent entities for tax purposes and therefore the profits or gains from the partnership are deemed to be the share to which the partner was entitled. The tax year runs from 1 July to 30 June and the basis of taxation is on current year profits.

Branches

The basis for taxation of branches of foreign enterprises is the same as for companies.

Trust

A trust is considered resident in Gibraltar where it has one or more beneficiaries who are ordinarily resident for tax purposes in Gibraltar (excluding Category 2 individuals). A Gibraltar resident trust is subject to taxation in Gibraltar at the rate of 15%

A Gibraltar trust which has non-resident beneficiaries is not subject to taxation in Gibraltar and all of its income (with the exception of Gibraltar rental income, income from a trade, business, profession or vocation which has accrued in and derived from Gibraltar) may be accumulated free of tax in Gibraltar.

Foundations

A foundation is resident in Gibraltar unless persons who are resident in Gibraltar and their issue have been irrevocably excluded from receiving benefit from the foundation. A foundation resident in Gibraltar is subject to taxation in Gibraltar at a rate of 15%.

Taxable

Income tax is charged on:

1. Gains or profits from any trade, business, profession or vocation;
2. Gains or profits from employment including any allowances, perquisites or benefits in kind;
3. Rents, premiums and any other profits arising from any interest in real property;
4. Profits from disposal of a residential property (see page 14);
5. Dividends (see page 14);
6. Interest (see page 14);
7. Royalties (see page 14);
8. Income received from pensions imported from abroad.

Profits from the Disposal of a Residential Property

For accounting period beginning on or after 1 February 2024, individuals and companies owning or holding three or more taxable properties, in whole or in part, over five consecutive tax years will be chargeable to Gibraltar taxation upon disposal.

Taxable properties include residential and off-plan properties but exempt a property used exclusively as the primary residence by the beneficial owner.

The rules list other exempted properties, these include:

1. Commercial properties;
2. Mixed commercial and residential properties;
3. Hotels;
4. Properties unfit for human habitation or in need of substantial repair;
5. Properties held by Government or Statutory agency;
6. Retirement home/residential care facility;
7. Religious houses; or
8. Any property deemed to be an exempted property by the Minister.

Specific anti-avoidance provisions will apply to conveyancing transactions where the Commissioner is of the opinion that the main purpose of the transaction is to avoid a charge to taxation.

Dividends

There is no charge to tax on the receipt by a Gibraltar company of dividends from any other company, regardless of where incorporated.

There is no tax on dividends paid by one Gibraltar company to another, and there is no liability to tax on dividends paid by a Gibraltar company to a person who is not resident in Gibraltar.

Where a dividend, or part of a dividend, is the distribution of profits that were not assessable to tax in Gibraltar in the hands of the company that originally generated the income, then the dividend, or relevant part of the dividend is not taxable in the hands of an ordinarily resident individual receiving the dividend.

There is also no withholding tax on dividends paid, however, where a company declares a dividend, a return of dividends is required. Listed companies are exempted from this requirement.

Interest

Companies with a banking or money lending license earning interest as a trading receipt, will have that interest treated as income chargeable to tax.

For accounting period beginning on or after 1 February 2024, Insurance and DLT Companies earning interest or similar amounts will be considered as a trading receipt and will have that interest treated as income chargeable to tax.

The portion of the interest which relates to a return on own funds (i.e. not funds from deposit taking activities) is not subject to tax.

Interest received or receivable by a Gibraltar company, arising from an inter-company loan, will be chargeable to tax. Where the interest received or receivable is less than £100,000 per annum, the interest is exempt from any charge to taxation.

All other interest received or receivable is not taxable in Gibraltar.

Royalties

Royalties received or receivable by a Gibraltar company are chargeable to tax.

Exempt Income

The main types of exempt income are summarised below:

- Interest from financial institutions and listed investments;
- Dividends from companies listed on a recognised stock exchange;
- The income of a friendly society, sporting club, or ecclesiastical, charitable or educational institution or trust of a public character in so far as the income is not derived from a trade or business;
- Compensation for unfair dismissal and sums paid upon redundancy or retirement which have been approved as appropriate by the Commissioner;
- The investment income of any pension fund, provident fund or other fund established in Gibraltar, and approved by the Commissioner;
- The income received by any trust or beneficiary where the beneficiaries are all non-Gibraltar resident (this exemption also applies to Category 2 individuals);

Exempt Income

- Any income arising from Gibraltar by an individual not resident in Gibraltar for a period of less than 30 days in a tax year;
- Pensions received from an approved occupational pension scheme by individuals aged 60 or over;
- The gains or profits derived by a non-resident owner, charterer or operator of ships or aircraft for the carriage of passengers or cargo to or from Gibraltar in any ship or aircraft owned, chartered or operated by them;
- The income accruing to a life fund maintained by a life assurance company;
- Income received by a student from employment during vacation, where the income from employment during such vacation is followed by full time instruction at an educational establishment. The income will be subject to an £11,450 tax exemption threshold.

Exempt Income

The main types of exempt income are summarised below:

- Income received by a student from employment during vacation, where the income from employment during such vacation is followed by full time instruction at an educational establishment. The income will be subject to an £11,450 tax exemption threshold.
- Income received by individuals participating in a Government Vocational Training Scheme approved by the Commissioner;
- Income received by community care officers aged between 60 and 65 years of age in respect of community work;
- Medical insurance premiums paid by an employer to an approved scheme on behalf of employees up to an amount of £3,000 for individuals taxed under the Gross Income Based System and £5,395 for individuals taxed under the Allowance Based System; and
- Benefits in kind to an annual value of £250 per employee

Deductions Allowed

For the purpose of ascertaining the assessable income there shall be deducted all outgoings and expenses wholly and exclusively incurred in the production of the income.

There are also a number of incentives available to taxpayers which may be taken as a deduction.

In the case of a person who has income, some of which is chargeable to tax and some of which is not, the deductions allowed shall be apportioned on pro-rata basis between the chargeable and non-chargeable income.

Deductions Allowed

No deduction shall be allowed in respect of:

- Expenses not incurred wholly and exclusively in the generation of assessable income;
- Domestic or private expenses;
- Any expenses of a capital nature;
- Any sum recoverable under an insurance contract or contract of indemnity;
- Property expenses not incurred for the purposes of producing income;
- Any tax charged under the Income Tax Act;
- Depreciation of assets (although capital allowances are available;
- Contributions paid to an employee pension scheme where the scheme has not been approved by the Commissioner of Income Tax;
- Interest paid other than on borrowings for the purposes of the trade or profession or acquiring the capital which generates the income for the trade or profession;
- General head office expenses incurred for the common purpose of the branch of the company which exceed 5% of turnover of the branch; and
- Certain business entertainment expenditure which does not qualify as deductible under the guidelines provided by the Commissioner of Income Tax.

Certain other expenses may also be disallowed under anti-avoidance provisions.

Capital Allowances

Companies shall be granted an allowance on capital expenditure where it is qualifying under the rules set out in the Income Tax Act 2010

The first £30,000 of qualifying expenditure on plant and machinery (including fixtures and fittings) acquired in a year of assessment is fully deductible with the balance

The first £50,000 of qualifying expenditure on computer equipment (including software) is fully deductible and the remaining balance is deductible at the rate of 15% per annum on a reducing balance basis.

Expenditure on motor vehicles which does not qualify as plant and machinery does not benefit from a first-year allowance but is deductible at the rate of 15% per annum on a reducing balance basis.

For the COVID measures introduced for capital allowances for the years of assessment as the case may be ending

in the period 1 July 2021 to 30 June 2023 please refer to 2022/23 Tax Facts.

Expenditure on motor vehicles which does not qualify as plant and machinery does not benefit from a first year allowance but is deductible at the rate of 15% per annum on a reducing balance basis.

For unincorporated businesses and companies that are obliged to pay the higher rate of corporate tax, wear and tear allowances are 20% per annum on a reducing balance basis.

If the accounting period is less than 12 months, the pool allowance is apportioned by reference to time.

Capital Allowances

Where the balance of qualifying expenditure is less than £1,000, the full amount is allowed as a deduction in that year.

Capital allowances on the cost (excluding land) of hotels, mills, factories and other similar premises are deductible at the rate of 4% per annum on a straight line basis.

Newly established businesses are able to claim 100% of their eligible capital allowances in the first year of trading.

Construction costs in relation to office accommodation where works commenced between 1 July 2013 and 31 March 2015, and for high value accommodation where works commenced between 1 July 2014 and 31 December 2015, are available as a capital allowance deduction in the first year following completion

of construction equal to 30% of construction costs and the remaining 70% written down over the following seven years.

This allowance can be claimed in part or in full by either the developer or the occupant up to a maximum claim of the full construction costs. Construction costs are those costs wholly and exclusively laid out or expended in the construction of the office accommodation including all preliminary planning, design and associated costs but excluding the cost of the land.

Loses

A trading loss incurred in an accounting period may be offset against trading income, if any, arising in the same period or subsequent periods.

If, however, within any period of A Designated Persons is defined as a three years there is both a change company engaged in: in ownership and a major change in the nature and conduct of a trade, trading losses may not be offset against trading income arising in the same or subsequent periods.

Any losses not connected with or arising from the trade, business, profession, or vocation are not allowable deductions.

There is no provision for the carrying back of losses.

Companies defined as “Designated Persons” for accounting periods ending on or after 31 July 2025 will have their unused carry-forward tax losses restricted to 50% of taxable profits for an accounting period.

A Designated Persons is defined as a company engaged in:

(A) A regulated activity as defined by section 5 of the Financial Services Act 2019;

(B) An activity that requires licensing under section 3(1) of the Gambling Act;

(C) Any person connected to those mentioned in (A) or (B).

A “connected person” is where two or more companies are under common control if the same person, or connected persons, control both. This also applies if each is controlled by groups that are the same or effectively the same, allowing for connected person substitutions.

Losses generated during the accounting periods ending between 1 July 2021 and 30 June 2023 would not be restricted. If available these losses would be applied first before applying losses from other periods.

Group Relief

There is no group relief available in Gibraltar although the Gibraltar Government has announced a consultation process which will look at the introduction of Group relief in Gibraltar.

Withholding Tax

There is no withholding tax on interest, dividend or royalty payments.

Withholding Tax on Payments to Subcontractors

Payments made to a subcontractor without a valid certificate are subject to 25% withholding tax on that portion of the payment which is not for materials used in construction. The Gibraltar Government has announced a consultation process which will look to modernize this legislation.

Value Added Tax

There is no VAT in Gibraltar.

Customs and Excise Duties

Goods imported into Gibraltar are subject to import duty at varying rates.

Exchange of Information

The following mechanisms for the exchange of information apply in Gibraltar:

- Bilateral Tax Information Exchange Agreements with a number of countries;
- The Directive on Administrative Cooperation.
- US FATCA.
- The Convention on Mutual Administrative Assistance in Tax Matters.
- The OECD Common Reporting Standard.
- Country by Country Reporting. Where the Gibraltar entity is a member of a Multi National Enterprise (“MNE”) group which has consolidated turnover of over EUR 750 million, the Gibraltar entity must notify the Commissioner of Income Tax of the identity and jurisdiction of tax residence of the entity that will file the CBCR on behalf of its MNE group by nine months after the financial year end. Where the Gibraltar entity is the ultimate parent entity for the group or it is obliged to file a full Country by Country Report, this filing must be made within 12 months of the financial year end.
- Gibraltar has limited DAC6 Reporting scope whereby reporting is only applicable to cross-border arrangements falling within Category D hallmarks (CRS avoidance arrangements and opaque offshore structures). The Income Tax Act 2010 has been amended to reflect this change. However, the International Agreements on Taxation Matters (Spain) Regulations 2021 have introduced equivalent reporting requirements to DAC6 in relation to reportable cross-border arrangements involving Gibraltar and Spain. In practice this means that:
 - For cross-border arrangements not involving Spain only Hallmark D needs to be considered for reporting purposes.
 - For cross-border arrangements involving Spain, all Hallmarks (A-E) need to be considered for reporting purposes.

International Tax Agreements

Gibraltar holds the following international tax agreements dealing with matters on administrative cooperation, double taxation, tax avoidance and evasion:

The International Agreement on Taxation and the Protection of Financial Interests between the United Kingdom of Great Britain and Northern Ireland and the Kingdom of Spain regarding Gibraltar (“Gibraltar-Spain Tax Agreement”); and

The Agreement between the Government of the United Kingdom of Great Britain and Northern Ireland and the Government of Gibraltar for the elimination of double taxation with respect to taxes on income and capital and the prevention of tax evasion and avoidance (“Gibraltar-UK Double Tax Agreement”).

Gibraltar-Spain Tax Agreement

Signed on 4 March 2019, the Gibraltar-Spain Tax Agreement does not follow the OECD Model Tax Convention but seeks to improve cooperation in the field of taxation and assist in the resolution of disputes as to the proper tax residence of companies and individuals where their place of residence between Gibraltar and Spain may be an issue.

The Agreement also provides for Gibraltar to keep legislation equivalent with EU law on matters related to transparency, administrative cooperation, harmful tax practices and Anti-money Laundering after Gibraltar exited the European Union.

Gibraltar-UK Double Tax Agreement

Signed on 1 October 2019, The Gibraltar-UK Double Tax Agreement follows the OECD Model Tax Convention with the main purpose of eliminating double taxation between residents in Gibraltar and/or the United Kingdom in respect to taxes on income and gains and preventing tax evasion and avoidance.

Deduction for Improvement in EPC Rating

A deduction is available for the investment made by an individual, company or business that makes a significant improvement to the EPC rating.

The amount of deductible expenditure is subject to the agreement of the Commissioner of Income Tax and the percentage deduction depends on the energy efficiency rating of the property.

Training Costs

Training costs for employees working towards a qualifying qualification are allowable as an expense at the rate of 150%.

Property Investment Incentives

Development aid: In order to encourage private development in Gibraltar, promoters and developers of approved projects are offered certain incentives such as tax relief, import duty relief and rates relief.

In order to qualify for the above reliefs, the project needs to be a new project the aim of which is:

- To create a tangible immovable asset in Gibraltar that will remain in existence after the applicant has ceased to derive the benefits under the licence; and
- To provide more than two additional units of housing accommodation in Gibraltar; or
- To contribute materially to the development of the tourist industry in Gibraltar; or
- To afford any new employment opportunities or career prospects in Gibraltar; or
- Otherwise, to improve materially the economic or financial infrastructure of Gibraltar; and
- The project shall be one which is for the economic benefit of Gibraltar.

The project needs to be completed within a specified time (dependent on the type of project) following the issue of the license and the applicant must not expend less than the prescribed amount for the project.

Application for development aid must be made to the Chief Minister or such other Minister as the Chief Minister designates.

Construction of Residential Accommodation

Owners of property constructed in Gibraltar from 1 July 2016 to 1 January 2019 and rented for residential purposes are eligible to receive a tax credit equal to the tax payable on the profits earned on the first twenty-four months of rent occurring in the first five years after the completion of construction of that property.

This tax credit is non-refundable and can be offset against the tax payable to extinguish any liability to tax.

Construction of High Value Accommodation Incentives

For high value accommodation developments whose construction commenced between 1 July 2014 and 31 December 2015, capital allowances equal to 30% of construction costs are available as a tax deductible expense in the first year following completion of construction with the remaining 70% written down over the following 7 years.

This allowance can be claimed in part or in full by either the developer or the occupant up to a maximum claim of the full construction costs. Construction costs are those costs wholly and exclusively laid out or expended in the construction of the office accommodation including all preliminary planning, design and associated costs but excluding the cost of the land.

Construction of office accommodation incentives

For office accommodation developments where construction commenced between 1 July 2013 and 31 March 2015, capital allowances equal to 30% of construction costs will be available as a tax deductible expense in the first year following completion of construction with the remaining 70% written down over the following 7 years.

This allowance can be claimed in part or in full by either the developer or the occupant up to a maximum claim of the full construction costs. Construction costs are those costs wholly and exclusively laid out or expended in the construction of the office accommodation including all preliminary planning, design and associated costs but excluding the cost of the land.

Allowance Based System

Under the Allowance Based System the individual will be taxed on their income less allowances (see below) at the applicable rates:

Income	Percentage
The first £4,000 of taxable income	14%
The next £12,000 of taxable income	17%
The remainder	39%

Allowance Based System

Personal relief is granted on submission of a claim to the tax office when applying for a tax code upon registration. The main allowances (which are reduced by one twelfth for each complete calendar month that the individual is not resident in Gibraltar) for the tax year are as follows:

Income		Allowance
Personal allowance		£3,455
Spouse allowance		£3,455
One parent family		£5,800
Child allowance in respect of first child only		£1,1901
Child allowance in respect of each child educated abroad		£1,375
Disabled individuals		£10,000
Nursery school allowance in respect of each child attending		£5,480
Blind allowance		£5,475
Health insurance premiums	(i)	£5,395
Life assurance premiums	(ii)	100%
Pension's contributions	(iii)	100%
Mortgage interest	(iv)	100%
House purchase for residential accommodation	(v)	£17,000
Solar or wind energy systems	(vi)	£6,000
Age allowance (state pensionable age - claiming spouse allowance)		£5,735
Age allowance (state pensionable age - not claiming spouse allowance)		£9,190

The minimum total allowances amount to £4,343.

- i. Maximum relief.
- ii. Allowable premiums up to 1/7th of assessable income or 7% of capital sum assured.
- iii. Maximum relief will be equal to the lesser of 20% of the earned assessable income and £35,000 on contributions to a Personal Pension Scheme or Retirement Annuity Contract and 1/6th of the total assessable income in respect of contributions to an Occupational Pension Scheme.
- iv. Interest payable on a loan to acquire a Gibraltar property to be used as a taxpayer's principal residence is allowable on loans up to a value of £350,000.
- v. One off allowance of £13,000 spread over a number of years and additional allowance of £4,000 restricted to a maximum of £1,000 per year.
- vi. One off allowance of £6,000 spread over two years

Persons whose taxable income does not exceed £11,450 per annum are exempt from tax.

Taper relief is available for individuals whose taxable income is between £11,451 and £19,712 per annum.

There are also the following tax credits available:

- A tax credit equal to the higher of £300 or 2% of the tax payable for the year is available.
- A tax credit of up to £4,000 available for individuals aged 60 and over who are not in receipt of pension or annuity income in excess of £6,000.

Gross Income Based System

Under the Gross Income Based System the applicable tax rates are as follows:

Persons with gross income under £25,000 are taxed at the following rates:

Income	Percentage
The first £10,000 of taxable income	6%
The next £7,000 of taxable income	20%
The remainder	28%

Persons with gross income over £25,000 are taxed at the following rates:

Income	Percentage
First £17,000 of taxable income	16%
Next £8,000 of taxable income	19%
Next £15,000 of taxable income	25%
Next £65,000 of taxable income	28%
Remainder of taxable income	25%

Persons under the Gross Income Based System may also benefit from a deduction from their assessable income of:

- Up to a maximum of £1,500 per annum in respect of mortgage interest payments;
- Up to a maximum of £1,500 per annum in respect of pension contributions to an approved scheme;
- Up to a maximum of £5,000 per annum in respect of approved expenditure incurred on the enhancement of the frontage of their property;
- Up to a maximum of £7,500 per annum in respect of approved expenditure incurred towards the purchase of their home (this benefit is available to first time home buyers only and if purchase occurs on or after 1 July 2019);
- Up to a maximum of £3,000 per annum in respect of expenditure incurred towards private medical insurance premiums.
- Up to a maximum of £6,000 over two years in respect of expenditure incurred towards the installation of solar or wind energy systems.

Tax Credits

There are also the following tax credits available:

10% of the verified costs for individuals who are enrolled in a gym or who contract a personal trainer who is registered with the Income Tax Office.

10% of the cost of private tuition in Gibraltar.

75% of the LSRA fees for sole practitioners

Tax Credits

Benefits in kind are taxed as gains from employment. There is specific legislation on how to tax benefits and the allowances available, particularly with respect to:

- Expense payments;
- Vouchers and credit tokens;
- Living accommodation;
- Cars, vans and related expenditure;
- Loans to employees, directors and shareholders; and
- Removal benefits and expenses.

The Act provides a mechanism for the Commissioner to tax benefits not specifically covered in the legislation. The value of the benefit is the cost to the employer less any amount made good by the employee.

Where the aggregate value of the benefits is less than £250 in total for any year of assessment no tax is payable in respect of those benefits.

The employer may opt to pay the tax on the benefits on behalf of an employee. When the annual value of these benefits is between £250 and £15,000 tax shall be paid at the rate of 20%. When the annual value of the benefit is more than £15,000 tax shall be paid at the rate of 29%.

Tax Incentives

Category	Requirements	Tax per annum
Category 2 (High Net Worth Individuals) (i)	<p>Approved residential accommodation.</p> <p>Non Gibraltar resident for the five years preceding the application.</p> <p>Minimum of £2 million net assets.</p>	<p>Minimum of £37,000</p> <p>Maximum</p> <p>£42,380</p>
High Executive Possessing Specialist Skills (“HEPSS”)	<p>Approved residential accommodation.</p> <p>Non Gibraltar resident for three years preceding the application.</p> <p>Minimum annual salary requirement of</p> <p>£160,000.</p> <p>Possess skills not available in Gibraltar which are necessary to promote and sustain economic activity of particular economic value.</p>	£39,940

i. The tax shelter does not extend to any income from a trade, business, profession, vocation or employment in Gibraltar which is assessable to tax under the provisions of the Act

Social Insurance Contributions

Social insurance contributions are payable by every employee or self-employed person in any week in which they work as follows:

	Gross earnings	Peer week/month Minimum	Maximum
Employee	10%	£14.34/£62.11	£40.79/£176.76
(From 1 July 2025)			
Employer	18%	£31.98/£138.55	£56.22/£243.65
(From 1 July 2025)			
Self-employed	20%	£30.45/£131.95	£53.55/£232.05
(From 1 July 2025)			

Individuals aged 60 and over and those whose statutory occupational retirement age is earlier than 60, as in the case of a fire officer, police officer, prison officer or a member of the Royal Gibraltar Regiment and are in insurable employment shall be exempt from paying the employee's share of social insurance contributions.

Employers will continue to be required to pay their share of the contribution.

There is an exemption from employers' and employees' social insurance contributions in respect of an employee's secondary employment. This is subject to the full contribution having been paid in Gibraltar. There is also an exemption from social insurance for student's income from employment or vocation which is followed by full time employment.

A credit in respect of employers' social insurance contributions is available to businesses with 10 employees or less of £100 per employee. This is increased to 20 employees for new businesses within the first year of operation.

There is also an exemption from both the payment of employer and employee social insurance contributions in the case of payments received whilst on maternity leave.

Pension schemes

Tax relief on contributions to retirement annuity contracts and approved personal pension schemes is limited to the lower of 20% of earned income or £35,000.

Employees can obtain tax relief on contributions to an approved scheme of up to 1/6th of their earned income. The 1/6th limit includes premiums payable on approved life insurance policies which are themselves subject to an earnings cap of 1/7th of earned income.

For controlling directors, the overall employer and employee cannot exceed 20% of earned income in respect of contributions made to an approved occupational pension scheme.

Pensions received from an approved occupational pension scheme by individuals aged 60 or over or who are compulsorily retired at age 55 under Section 8(2) of the Pensions Act (applicable to fire officers, police officers, prison officers or members of the Royal Gibraltar Regiment) are not subject to tax in Gibraltar.

Where contributions to approved personal pension schemes and retirement annuity contracts in any one year are below the maximum tax relief that can be claimed for that year, a 'one year carry back' facility is available enabling members of such schemes to top-up any unused tax relief.

Pensions received from an approved pension scheme imported from another country ("QROPS") shall be taxed at the rate of 2.5% insofar as it forms part of the taxable income of that individual.

Anti-avoidance Provisions

The legislation contains a generic anti-avoidance clause which allows the Commissioner to counteract or disregard any tax advantage obtained through a tax avoidance arrangement, which is now defined as an arrangement that directly or indirectly: (i) has as its primary purpose, or one of its main purposes, the obtaining of a tax advantage; and (ii) results in a tax advantage that is not consistent with the intention of the relevant tax provisions; or (iii) as the effect of undermining the objectives of the Income Tax Act.

The Act also contains specific anti-avoidance provisions as follows:

Exit Tax

An exit tax at the rate of 15% may be applicable in a number of defined circumstances when assets are transferred from Gibraltar, or a taxpayer transfers its tax residence outside of Gibraltar. The exit tax is calculated based on the market value of the assets at the time of their transfer from Gibraltar less their value for tax purposes.

Thin Capitalisation Rules

Interest paid on a loan by a company to related parties (which are not themselves a company) or loans where security is provided by related parties, where the ratio of the value of the loan capital to the equity of the company exceeds 5 to 1 is considered as a dividend payment and thus not a deductible expense for tax purposes.

Transfer Pricing Legislation

The amount of interest payments to connected persons which is in excess of that payable at “arm’s length” is deemed to be a dividend. Also, if the amount charged for goods and services by the connected persons is not at “arm’s length” expenses allowed are subject to a maximum of (i) the expense, (ii) 5% of the gross turnover of the company or (iii) 75% of the pre expenses profit of the company.the

Anti-avoidance Provisions

Interest Payable and Back-to-back Loans

Any interest paid or payable to a person not resident in Gibraltar is not deductible insofar as the interest is at more than a reasonable commercial rate.

Any interest paid on any money borrowed other than for the purposes of the trade or profession, is also not deductible.

Where the interest income is not taxable the interest expense is not deductible on back-to-back loans.

Dual Employment Contracts

Income from dual employment contracts is taxed in Gibraltar where the two employers are connected persons. Bona fide arrangements where the purpose is not to avoid tax is a defence to the provision.

Transfer of Assets Abroad

Where assets are transferred abroad with the purpose of avoiding taxation and the taxpayer has the power to enjoy these assets either now or in the future, then any income or benefits received from these assets will be deemed to be income chargeable to tax. This provision does not apply if the transaction is bona fide and not designed for the purpose of avoiding tax.

Anti-avoidance Provisions

Interest Limitation Rule

The interest limitation rule provides that exceeding interest expenses are deductible up to the greater of (i) 30% of EBTDA and (ii) EUR 3 million. Note that there are exceptions to the rules which may provide for a greater interest deduction based on either group ratio or equity ratio calculations.

Controlled Foreign Company (“CFC”) Rule

A CFC has annual accounting profits of (i) greater than €750 million or (ii) greater than 10% of operating costs. The rule attributes to a Gibraltar company the undistributed profits of a CFC (ie Gibraltar entity has at least 50% of either the voting rights, the capital or is entitled to receive 50% of the profits and the actual tax paid is less than 50% of the tax that would have been paid in Gibraltar on the same income) from non-genuine arrangements where the purpose is to gain a tax advantage.

Hybrid Mismatch

Payments under hybrid instruments and payments to associated hybrid entities will be disregarded where the deduction or payment benefits from a tax deduction in the payer jurisdiction and is not taxed in the jurisdiction where the payment is received.

Capital Gains Tax

There is no capital gains tax in Gibraltar. In deciding whether an activity is a trade or a capital gain the Commissioner will refer to case law.

Double Taxation Relief

Any person ordinarily resident in Gibraltar who is liable to pay tax in Gibraltar in respect of income also taxed abroad is able to claim double taxation relief in respect of the tax paid abroad.

On furnishing evidence of the payment made abroad, the claimant is entitled to a credit equivalent to the lesser of the:

- Tax payable on that income in Gibraltar; or
- Tax payable or paid abroad in respect of the same income.

If relief from the double taxation has to be made abroad, the relief then given is reduced accordingly.

A claim for double taxation relief has to be made within six years after the end of the year of assessment to which it relates. The time limit is extended where any adjustment or assessment made in Gibraltar or abroad renders any relief previously given excessive or insufficient. In those circumstances, a claim must be made within the six years after the adjustment or assessment.

Double tax relief may be claimed in accordance with Article 22 of the Gibraltar-UK Double Tax Agreement.

Wealth Tax

There is no wealth tax in Gibraltar.

Estate Duty

There is no estate duty in Gibraltar.

Rates

General rates are levied on all properties in Gibraltar.

Purchasers of affordable homes benefit from a rates holiday, starting with zero rates in the first year, increasing by 10% annually thereafter.

Stamp Duty

Stamp duty is payable on the transfer or sale of any Gibraltar real estate or shares in a company owning Gibraltar real estate (on an amount based on the market value of the real estate) at the following rates:

Consideration	% Value of Consideration
£200,000 or less	0%
£200,001 to £350,000	2% on first £250,000 and 5.5%
Over £350,000 to £800,000	3% on first £350,000 and 3.5% on balance
Over £800,000	3% on the first £350,000 and 3.5% on the next £450,000 and 4.5% on balance

Stamp Duty

For first- and second-time buyers, there is no stamp duty to pay on the first £300,000 of the cost of the property, irrespective of the total cost. Stamp duty on transfers of properties between spouses is nil.

The government announced that new purchase agreements and assignments of off-plan purchases will be registrable instruments with a 0.5% special stamp duty payable on Assignment of Purchase Agreement (by the assignor). This will not include sales on subsidised Estates. As of the date of publication the Bill was published on 37 March 2025.

On affordable housing estates developed by Government, the following applies:

- There is no stamp duty on the initial purchase price of the property; and
- A special rate of stamp duty of 7.5% is payable on the sale of affordable housing developed by the Government within the first 10 years since original purchase. The duty is not payable in circumstances of a forced sale, including in the cases of divorce or where a family moves to a larger property as a meritorious upgrade to another, newer, Government affordable housing estate.
- The special rate of stamp duty will not apply to sales after an acquisition of an affordable home on the open market.

Stamp duty is also payable on mortgages secured on Gibraltar real estate at the following rates:

Mortgage	% Value of Mortgage
£200,000 or less	0.13%
Over £200,000	0.20%

Capital Duty

Capital duty of £10 is payable on the initial authorisation of capital or any subsequent increase thereto.

Gaming Duty

Gaming duty is levied at 0.15% on the gross profits of holders of a bookmaker, betting intermediary and gaming operator's licence. The first £100,000 of gross profits is exempt from this duty.

Tax Returns

Both individuals and companies (including a branch of a company situated in Gibraltar) are required to file returns and calculate their tax liability for the year. The return together with the estimated liability needs to be accompanied by the payment of the tax due.

Tax returns for individuals, partnerships, sole traders and trusts are due by 30 November following the year in which the income is assessed. Tax returns for companies (and Gibraltar branches) are due nine months after the date of the company's financial year end.

Minimum Accounts Filing Requirements with Tax Returns

Companies with assessable income of more than £1.75 million for accounting periods ending on or after 1 July 2024 are required to file audited accounts together with the tax return.

Tax returns for individuals, partnerships, sole traders and trusts are due by 30 November. Companies (including Gibraltar branches) with assessable income of less than £1.75 million for accounting periods ending on or after 1 July 2024 are required to file accounts accompanied by an Independent Accountant's Report with the tax return.

Companies with no assessable income are still required to file a tax return together with audited accounts. However, if a company with no assessable income is classified "small" (in accordance with the criteria set out in the Companies Act 2014) only an abridged balance sheet needs to be filed together with the tax return.

Payment of Tax

For employees, collection of tax is initially through a Pay As You Earn (“PAYE”) system. Every employer paying emoluments to an employee is required to deduct from the amount of emoluments a specified amount of tax. Payment is due by the 15th day of the following month. At the end of the year of assessment the employer is obliged to make a return of the employees’ emoluments and tax deducted together with the payment of any outstanding tax. Returns are due by 31 July following the year of assessment. Late filing of a return will incur a penalty of £10 per employee per day.

Individuals are required to make two payments on account on 31 January and 30 June in each year of assessment. Each payment should be equal to 50% of the tax liability for the previous tax year. The ‘on account’ payments are not applicable to individuals whose only income is from employment which is subject to PAYE deductions.

Companies are required to make payments on account of future liabilities on 28 February and 30 September in each calendar year. Each payment should be equal to 50% of the tax based on the previous year’s assessable income.

The balance of tax due being the actual liability less payments on account is due on the date of filing of the return which must be within nine months of the financial year end for companies and by 30 November for individuals, partnerships, sole traders and trusts.

Appeals

If a taxpayer disputes an assessment, he may appeal against that assessment by notice in writing addressed to the Commissioner within 28 days of the date of service of the notice of the assessment.

Fines and Penalties

Penalties are imposed if tax is not paid or if returns are not filed by the due dates. The following penalties and fines are applicable:

For late payment of tax, there is a penalty of 10% of the amount of tax due on the day immediately after such payment was due. If unpaid for 90 days a further amount of 20% of the tax due is charged.

Failure to file a return by the due date will result in a penalty of £50 with a further penalty of £300/£500 if the return is not submitted within three months/ six months after the due date.

On 23 December 2024, the Gibraltar Parliament passed a bill updating the late filing penalties. As from 1 January 2025 late filing penalties will be based on the size of companies as defined in the Companies Act 2014:

Companies are within scope of the new late filing penalties where their accounting deadline falls on or after the 1 January 2025.

	After Due Date	3 Month After Due Date	6 Months after Due Date
Micro/ Small	£100	£450	£750
Medium	£750	£1,250	£2,000
Large	£1,500	£3,500	£5,000

Fines and Penalties

Failure to file a return or for fraudulently, recklessly or negligently delivering to the Commissioner an incorrect return, accounts or information will be liable to a penalty of up to 150% of the difference between the actual tax due and the tax due as per the original declaration, if any.

The amount of the penalty will depend on:

- The amount of the tax lost and/or delayed;
- The gravity of the offence, if deliberate or an honest mistake; and
- The level of cooperation in the investigation.

Failure to respond to a notice or request to submit information or documentation within 30 days will result in a fine of £200 on the day the failure occurs and a penalty of up to £500 per day thereafter. Failure to comply beyond a three month period, if convicted, can result in imprisonment.

Failure to pay to the Commissioner PAYE or social insurance which has been withheld/should have been withheld is a criminal offence which can lead to imprisonment and/or a fine. If an amount of PAYE and/or social insurance exceeding £5,000 is outstanding for over three months the Commissioner will, after giving 14 days' notice, publish in the Gibraltar Gazette the name of the person whom he has reason to believe has failed to comply with the PAYE Regulations.

Failure to notify the Commissioner of an arrangement the main benefit of which is to avoid the payment of tax will result in a fine of £100 on the day the failure occurs and a penalty of £200 per day thereafter.
